

# CHRISTMAS PARTY ACCESSORY CHECKLIST:

Holiday parties can be full of glitz and glam, so as you're shopping over the years, collect the following items to add to your holiday attire. You'll use these nine accessories year after year as you deck the halls and sing "fa la la" during not so silent nights:

- Clutch or other small purse (big enough to hold your phone and lip gloss or other makeup needed to freshen up throughout the night)
- Necklace
- Heels or Boots
- Bracelet
- Jacket, sweater, shawl, cape or scarf
- Earrings
- Hat
- Hair clip or headband
- Gloves

A sleek black for any of the above items is classic, but you can opt for metallic, red or green, rhinestone, sequin, pearl, bows, fur or embroidery embellishments for a special holiday touch. Make sure your accessories coordinate with one another so you can mix and match. You never want to wear all at the same time, but three or four can add an extra dose of glamor to your outfit.
